What is the interest rate?	Balance	Annual interest (gross)	Monthly interest (gross)	Annual Equivalent Rate (AER)
	£1+	6.50%	N/A	6.50%
	<ul style="list-style-type: none"> • The rate of interest is guaranteed to track 2.00% above the Bank of England Base Rate for 12 months. To monitor the Base Rate, visit bankofengland.co.uk. • This account earns interest daily and it's added to the account the day before the anniversary of account opening. There is no monthly interest option available. • If you ask us to pay interest to a different account, we'll pay it on the first business day after the day we'd have added it to this account. Business days exclude Saturday, Sunday and bank holidays. 			
Can Skipton Building Society change the interest rate?	<ul style="list-style-type: none"> • Yes, the interest rate is variable, so it can go up or down dependent on the Bank of England Base Rate. • If the Bank of England Base Rate changes, the new interest rate on your account will apply without notice, no more than 14 days after the change is effective. • Section 8 of our Savings Account Terms and Conditions explains why we may change the interest rate. 			
What would the estimated balance be after 12 months based on a £250 deposit each month?	Opening balance		Estimated balance	
	£3,000		£3,105	
	<ul style="list-style-type: none"> • The estimated balance above assumes that: <ul style="list-style-type: none"> - the account is opened with £250 on the 1st of the month and starts earning interest straight away - £250 is deposited on the first day of each subsequent month by standing order, totalling £3,000 over the 12 month term - no withdrawals are made - the interest is paid annually - the interest is added to this account - there is no change to the Bank of England Base Rate (4.50 % as at 10/02/2025). • Estimated balances are for illustrative purposes only. They may be less for accounts opened by debit card or cheque, because interest won't be earned until your account receives the deposit.
